## Veille Développement web

1K+ ✓ ✨ 📍 🔄 📄 ❤️ ↺ ...

Voici un outil bien pratique pour faire passer vos connexions TCP par un proxy SOCKS5 ou HTTP. Ça s'appelle **graftcp** et grâce à lui, vous pouvez dire adieu à vos galères pour proxifier certains outils. Comparé à des solutions...

DEV Community / 14h

Discuss the reasons why you should consider PostgreSQL over MongoDB for your next project. Introduction In the database world, MongoDB and PostgreSQL are both highly regarded choices. MongoDB, a popular NoSQL...

We have a system where people commit to attending certain events and we need to send out reminders. The events can be any time of the day, from 8am to 10pm. The purpose of the reminders is to make sure they remember their...

DEV Community / 11min

Selection sort was introduced in Sorting Arrays . Recall that it finds the smallest element in the list and swaps it with the first element. It then finds the smallest element remaining and swaps it with the first element in the...

DEV Community / 11min

Sometimes you can find a solution to the original problem by defining a recursive function to a problem similar to the original problem. This new method is called a recursive helper method. The original problem can be
